

Get to Know the REAL *Lauren Boebert*

Since beginning her service in the U.S. House of Representatives, **Lauren has dedicated herself to addressing the needs of Coloradans, defending our conservative Colorado values, helping senior citizens and veterans cut through bureaucratic red tape to receive their earned benefits, and building a grassroots movement to take back our country and put America First again.**

While in Congress, Lauren has received national recognition and support from conservatives for her role in fixing the rules of the House of Representatives through the 2023 Speaker of the House nomination battle with Rep. Matt Gaetz, becoming the first Republican in 24 years to successfully initiate impeachment proceedings on the House floor (against Joe Biden), and passing more bills and amendments through the House of Representatives than any member of the Colorado delegation in 2023.

Before running for Congress, Lauren **spent time as a volunteer** ministering to and mentoring incarcerated women at the Garfield County Jail. She **owned and operated Shooters Grill**, a restaurant that earned national fame for staff who proudly open-carried as they served their customers.

She now lives in Windsor, CO with her youngest boys as a proud resident of Colorado's 4th Congressional District.
